

1st Mediterranean Conference of Plastic Surgery Innovations

Scientific Program (Draft)

Head and Neck Reconstruction

- *Reconstruction with local flaps* – Evan Matros (Memorial Sloan Kettering – Plastic & Reconstructive Surgeon)
- *Reconstruction with free flaps* – Evan Matros (Memorial Sloan Kettering – Plastic & Reconstructive Surgeon)
- *Facial reanimation* – Georgios Psaras (Professor of Plastic Surgery, Private Practice, Cyprus – President of the Cyprus Society of Plastic, Reconstructive and Aesthetic Surgery)
- *Facial transplantation* – Amir Dorafshar (Rush University – The John W. Curtis, MD, Chair of Plastic and Reconstructive Surgery; Program Director, Plastic & Reconstructive Surgery Fellowship)

Upper Extremity Reconstruction

- *Reconstruction with local flaps* – Warren Hammert (Duke University – Professor of Orthopedic Surgery)
- *Reconstruction with free flaps* – Rudy Buntic (The Buncke Clinic – Fellowship Director, Hand and Microsurgery; Head of Division of Microsurgery at California Pacific Medical Center; Clinical Assistant Professor at Stanford University Medical School and UCSF Medical School)
- *Functional reconstruction of upper extremity* – Bauback Safa (The Buncke Clinic – Clinical Assistant Professor at Stanford University Medical School and UCSF Medical School)
- *Medial femoral condyle / Medial femoral trochlea* – Constantinos Ketonis (University of Rochester Medical Center – Assistant Professor of Orthopedic Surgery)

Lower Extremity Reconstruction

- *Reconstruction with local flaps* – JP Hong (University of Ulsan College of Medicine and Asan Medical Center in Korea – Professor of Plastic and Reconstructive Surgery)
- *Soft tissue reconstruction with free flaps* – Jamie Levine (New York University, Hansjorg Wyss Department of Plastic Surgery – Associate Professor of Plastic & Reconstructive Surgery; Chief of Microsurgery and Fellowship Director of Microsurgery)
- *Body reconstruction with free flaps* – Rudy Buntic (The Buncke Clinic – Fellowship Director, Hand and Microsurgery; Head of Division of Microsurgery at California Pacific Medical Center; Clinical Assistant Professor at Stanford University Medical School and UCSF Medical School)

Peripheral Nerve Reconstruction

- *The latest in peripheral nerve repair and regeneration, where are we now?* – Jonathan Isaacs (Virginia Commonwealth University Health System – Professor and Chair, Division of Hand Surgery, Department of Orthopedic Surgery)
- *Targeted muscle reinnervation (TMR) / Regenerative peripheral nerve interface (RPNI) - The management of the painful nerve* – Kyle Eberlin (Massachusetts General Hospital –

- Associate Professor of Plastic Surgery; Program Director of Harvard Plastic Surgery Residency Program; Associate Program Director of MGH Hand Surgery Fellowship)
- *What is the role of allograft in peripheral nerve reconstruction?* – Bauback Safa (The Buncke Clinic – Clinical Assistant Professor at Stanford University Medical School and UCSF Medical School)
 - *The latest in nerve transfers* – Amy Moore (Ohio State University Wexner Medical Center – Professor and Chair of Plastic and Reconstructive Surgery)

Trunk Reconstruction

- *Abdominal wall reconstruction* – Detlev Erdmann (University of Missouri – Professor and Chief of the Division of Plastic and Reconstructive Surgery)
- *Chest wall reconstruction* – David Mathes (University of Colorado – Professor and Chief of the Division of Plastic and Reconstructive Surgery)
- *Back reconstruction* – Justin Sacks (Washington University – Shoenberg Professor and Chief of the Division of Plastic and Reconstructive Surgery)

Breast Reconstruction

- *Abdominal-based free flap reconstruction* – Ariel Tessone (The Talpiot Medical Leadership Program, Sheba Medical Center, Israel – Department of Plastic and Reconstructive Surgery)
- *Alternative free flap reconstruction* – Tae Chong (Virginia Commonwealth University Health System – Professor and Chair of the Division of Plastic and Reconstructive Surgery)
- *Oncoplastic reconstruction* – TBD
- *Implant-based reconstruction* – Nolan Karp (New York University, Hansjorg Wyss Department of Plastic Surgery – Professor of Plastic and Reconstructive Surgery; Vice Chair of Clinical Operations)
- *Neurotization of breast free flaps* – Arash Momeni (Stanford University – Assistant Professor of Plastic & Reconstructive Surgery; Director of Clinical Outcomes Research)
- *BIA-ALCL and BIA* – (University of Colorado – Associate Professor of Plastic & Reconstructive Surgery)
- *Imaging in breast reconstruction* – Bernard Lee (Beth Israel Deaconess Medical Center – Chief of the Division of Plastic & Reconstructive Surgery; Professor of Surgery at Harvard Medical School; Director of Peter Jay Sharp Microsurgery Fellowship Program; Editor-in-Chief of Journal of Reconstructive Microsurgery and Journal of Reconstructive Microsurgery Open)

Lymphatic Reconstruction

- *Lymphedema evaluation and work up* – Christoph Hirche (BG Unfallklinik Frankfurt am Main gGmbH, Academic Teaching Hospital of Goethe-University of Frankfurt, Germany – Professor and Chair of the Department of Plastic, Hand and Reconstructive Microsurgery)
- *Lymphedema decision making for best treatment options* – Jaume Masia (Chief of Plastic Surgery Service of the Hospital de la Santa Creu I Sant Pau and the Hospital del Mar of Barcelona, Director of the Advanced Breast Reconstructive Service and the Integrated Lymphoedema Treatment Unit in Clinica Planas, Barcelona, Spain)
- *Lymphovenous bypasses* – Galen Perdakis (Vanderbilt University Medical Center – Professor and Chair of the Department of Plastic Surgery)
- *Lymph node transfers* – TBD

- *Immediate lymphatic reconstruction* - TBD
- *Updates in pharmacologic treatments of lymphedema* – Babak Mehrara (Memorial Sloan Kettering – Chief, Plastic & Reconstructive Surgical Service; Peter G. Cordeiro Endowed Chair in Plastic & Reconstructive Surgery)

Gender Affirming Surgeries

- *Feminizing genital reconstruction* – Rachel Bluebond-Langner (New York University, Hansjorg Wyss Department of Plastic Surgery – Laura and Isaac Perlmutter Associate Professor of Plastic & Reconstructive Surgery)
- *Masculinizing genital reconstruction* – Bauback Safa (The Buncke Clinic – Clinical Assistant Professor at Stanford University Medical School and UCSF Medical School)
- *Facial reconstruction surgery for gender affirmation* – Jens Berli (Oregon Health & Science University – Associate Professor of Plastic & Reconstructive Surgery)
- *Chest feminization* – Julian Winocour (University of Colorado – Associate Professor of Plastic & Reconstructive Surgery)
- *Chest masculinization* – Rachel Bluebond-Langner (New York University, Hansjorg Wyss Department of Plastic Surgery – Laura and Isaac Perlmutter Associate Professor of Plastic & Reconstructive Surgery)

Entrepreneurship in Plastic Surgery

- *The evolution of microsurgery in Cyprus* – Christian Fessas and Alkis Alkiviades (Ygia Polyclinic Private Hospital, Limassol, Cyprus)
- *Commercialization of an idea* – Sashank Reedy (Johns Hopkins University – Assistant Professor of Plastic & Reconstructive Surgery; Associate Professor of Johns Hopkins Institute for NanoBioTechnology; Medical Director for Johns Hopkins Technology Ventures)
- *The role of plastic surgery in surgical innovation* – Howard Levinson (Duke University – Associate Professor of Plastic & Reconstructive Surgery; Core Faculty of Innovation & Entrepreneurship)

May 27th, 2023 (Saturday) – Reception

May 28th and 29th, 2023 (Sunday and Monday) – Conference
